Rules for cookies
Rev. date: 15. May 2024

To optimize our website in terms of system efficiency, usability and the provision of useful information about the services of PLEVNIK d.o.o. collects and stores PLEVNIK d.o.o. in files with journals on the user's computer information. These include the address of the user's Internet protocol (IP), the type of browser and language setting, the operating system, the Internet service provider (ISP) and the date / time of the visit.

PLEVNIK d.o.o. uses this data for the efficient administration of the website, to learn more about user behavior on the entire website, to analyze trends and to collect demographic data about users in a comprehensive manner. The data collected can be used for marketing and advertising services as well as for communication (e.g. optimizing and improving the user experience, which makes for more attractive offers and services).

In the event that data that is not personal data is used in connection with personal data, this data will be treated as personal data as long as it is related.

The data protection declaration from these conditions also applies to data collected using cookies and other comparable technologies.

What is a "cookie"?

Internet pages, e-mail messages, Internet services, advertisements and interactive applications can use so-called cookies to optimize the services.
A cookie is a small file that usually contains a sequence of letters and numbers and is loaded onto the end device of the user (computer, mobile device and the like; generally referred to as computer in these conditions) when the user visits the PLEVNIK d.o.o. visits (PLEVNIK d.o.o. sends them from its Internet server to the browser's cookie file on the hard drive of the user's computer). In the case of the PLEVNIK d.o.o. website, this makes it possible to recognize the user's devices when a connection is established between the Internet server and the Internet browser. The main purpose of a cookie is to enable the Internet server to present customized websites to the user, which are used when visiting the Goya d.o.o. and Atribut, d.o.o. enable a more personal experience that responds better to the personal needs of the user. Cookies are also used so that PLEVNIK d.o.o. Find out more about how users use their website, but they also help improve the user experience when they visit the website.

Which cookies do the PLEVNIK d.o.o. website use?

PLEVNIK d.o.o. can use the following types of cookies on the website:
• Temporary or session cookies: these are temporary cookies that are stored in the cookie file of the user's browser until the end of the browser's visit (for the duration of the browsing session, they are stored when the browser session ends Session deleted). These cookies are for the correct functioning of certain applications or functions on the PLEVNIK d.o.o. inevitably required;

• Own cookies (1st party cookies) come from the PLEVNIK d.o.o. website that the user is viewing and can be permanent or temporary. The websites use these cookies to store information that they will use again the next time the user visits this page.
You can find more information about cookies on the Internet, for example on the website: http://www.allaboutcookies.org.

If the consent of the user is required for the use or placement of cookies, PLEVNIK d.o.o. prior to their use or before placing them on the user's device (computer).
